Agri-Shield
Farm Blanket Coverage

Agri-Shield (Blanket Cover)

Mennonite Mutual Fire Insurance Company of Saskatchewan has a family of farm policies to better protect you and your investment in your farm. Agri-Shield is a blanket protection coverage for farm products and property.

Agri-Shield allows you to set your limit of coverage without the hassle of writing a schedule for every item you want insured. It also helps to prevent missed items on the schedule, and therefore uninsured property, from falling between the cracks in case of a loss. A scheduled policy would require that you make a list of all items you want insured. If it is not on the scheduled list it is not covered. With Agri-Shield you have one limit to cover your insurable property.

Farm Property

If you choose Agri-Shield for your farm property coverage, we will provide a single amount of protection for:

- Fire Fighting expense—liability for fire department charges incurred when a municipal Fire Department is called to save or protect property insured under your policy.
- Debris Removal—the cost of clean-up and removal of debris off the Insured property.
- Farm Building Contents and Tack Equipment—usual to a farming operation, owned and used by the Insured and for which the Insured is legally liable.
- Tools—usual to a farming operation owned and used by the Insured and for which the Insured is legally liable.

Limits of Liability:

- The amount of protection begins at \$50,000
- The deductible is \$250.00
- 80% Co-insurance clause applies

Farm Product

If you choose Agri-Shield for your farm product coverage, we will provide a single amount of protection for:

- Fertilizers and Chemicals usual to a farm operation
- Fodder owned by the Insured.
- Grain usual to a farm operation.
- Produce usual to a farm operation.

Limits of Liability:

- The amount of protection begins at \$100,000
- The deductible is \$250.00
- 80% Co-insurance clause applies
